

September 27, 2007

Dear Families,

It was a pleasure meeting so many of you at Back-to-School Night. I know how difficult it is to get home, make child care arrangements etc. I appreciate the efforts you made. Our classroom had 100% of our families represented. . . A wonderful achievement.

You can access a Kindergarten Parents Can Help booklet on our district's website: www.fremont.k12.ca.us. Click on parent at the bottom of the home page, then "parent information", "helping your student" and finally, "helping your kindergartener". Inside, you will find the California State Standards for content areas that are covered in our kindergarten program. But more importantly, each section contains a variety of activities you can do at home to support your child's learning process. You may wish to use these as enrichment activities if your child completes homework early in the week, as review if your child appears to have difficulty with a concept, or ideas for family enrichment outings. Keep it handy for information throughout the year.

Thank you for all of your continued support.

Sincerely,
Mrs. Gross
